

# COMMUNITY BENEFITS

WBI Energy believes it has an obligation to give back to the communities where we live and work. Through the MDU Resources Foundation, more than \$38 million has been contributed to worthwhile charities and organizations that enhance the quality of life in our communities.

## FUELING THE LOCAL ECONOMY

- At peak construction, the project is expected to employ up to 225 workers.
- The project will generate thousands of dollars in increased annual property tax revenues for communities along the route.
- WBI Energy pays nearly \$1 million in annual property taxes to the state of North Dakota.
- WBI Energy employs nearly 100 individuals in North Dakota.
- Area businesses throughout your community will benefit from increased food purchases, hotel rooms, goods, equipment, and services.
