Re: WBI Energy Transmission, Inc.
North Bakken Expansion Project
Docket No. CP20-52-000
Docket No. CP20-52-001
Turn-back Capacity Associated with Open Season

Dear Ms. Bose:

WBI Energy Transmission, Inc. (WBI Energy), herein submits a response to a request of the Federal Energy Regulatory Commission (Commission) staff received on October 8, 2020, in the above referenced dockets regarding turn-back capacity associated with the open season held for its North Bakken Expansion Project.

From June 4, 2018 through July 31, 2018, WBI Energy conducted a binding open season for the sale of long term, firm natural gas transportation capacity for deliveries to Northern Border Pipeline in northwest North Dakota. As part of the binding open season, WBI Energy solicited offers from its shippers who held firm transportation capacity with a receipt location on WBI Energy's Line Section 7, 25 or 30 and with an expiration date within the 4th quarter of 2021, or beyond, to notify WBI Energy if they wished to permanently release their capacity in lieu of the construction of additional capacity associated with the open season. WBI Energy did not receive any offers to turn back capacity in response to this solicitation. A copy of the open season can be found on WBI Energy's website at <https://transmission.wbienergy.com/> under Expansion Plans and Open Season.

Pursuant to 18 CFR § 385.2010 of the Commission's regulations, copies of this filing are being served to each person whose name appears on the official service list for this proceeding.

Should you have any questions or comments regarding this filing, please call the undersigned at (701) 530-1563.

Sincerely,

/s/ Lori Myerchin

Lori Myerchin
Director, Regulatory Affairs and
Transportation Services
