

FEDERAL ENERGY REGULATORY COMMISSION
MEMORANDUM

DATE: November 14, 2023

FROM: Samuel Burton, FERC Staff

TO: Public Files for the Wahpeton Expansion Project (Docket No. CP22-466-000)

SUBJECT: U.S. Environmental Protection Agency Notification

On November 8, 2023, Samuel Burton emailed Region 8 of the U.S. Environmental Protection Agency providing notification of the receipt of the Water Quality Certification for the Wahpeton Expansion Project.

From: [Samuel Burton](#)
To: Bloom.Judy@epa.gov
Subject: U.S. Environmental Protection Agency Notification of FERC Receipt of WQC from WBI Energy for Docket No. CP22-466-000
Date: Wednesday, November 8, 2023 2:51:00 PM

As required by 40 C.F.R. § 121.12, we are notifying EPA that a water quality certification has been received by the Federal Energy Regulatory Commission (FERC) for the approved Natural Gas Act section 7(c) application for the Wahpeton Expansion Project filed under Docket No. CP22-466-000. The water quality certification can be accessed at: https://elibrary.ferc.gov/eLibrary/filelist?accession_number=20231026-5127. The FERC certificate application can be accessed at: https://elibrary.ferc.gov/eLibrary/filelist?accession_number=20220527-5343 which includes a general description of the proposed project. Please see the water quality certification request for a project summary including the nature of any discharge and size or scope of the activity, which can be accessed at: https://elibrary.ferc.gov/eLibrary/filelist?accession_number=20231026-5127.

Please respond to this email or call at (202) 502 – 8857 if you have any questions about this project.
