Debbie-Anne Reese, Secretary Federal Energy Regulatory Commission 888 First Street, N.E., Room 1A Washington, D.C. 20426

Re: WBI Energy Transmission, Inc. Wahpeton Expansion Project Docket No. CP22-466-000 Weekly Status Report No. 62

Dear Ms. Reese:

WBI Energy Transmission, Inc. (WBI Energy) herewith submits its Weekly Status Report No. 62 for the Wahpeton Expansion Project, in compliance with Environmental Condition 9 of the Appendix to the Federal Energy Regulatory Commission's (FERC) October 23, 2023 Order Issuing Certificate in the above referenced docket.

There were no activities that took place during the reporting period January 27, 2025 to February 2, 2025. Remaining project activities have been suspended until conditions allow in the spring of this year. After discussions with FERC Staff, WBI Energy will resume filing weekly status reports with the commencement of remaining project activities or if environmental issues or concerns arise.

Should you have any questions or comments regarding this filing, please call the undersigned at (701) 530-1563.

Sincerely,

/s/ Lori Myerchin

Lori Myerchin Vice President, Regulatory Affairs and Transportation Services Attachment

#### A. Update on Federal Authorizations

- WBI Energy has obtained all necessary federal permits and authorizations required for construction of the Wahpeton Expansion Project.
- On November 26, 2024, FERC granted approval to place the Project into service. WBI Energy placed Project facilities into service on December 1, 2024.

#### B. <u>Construction Status – Pipeline Facilities</u>

- WBI Energy is following the FERC's Plan and Procedures and the approved Winter Construction and Stabilization Plan to address remaining activities in winter conditions and to ensure Project areas are stabilized and erosion control devices remain effective during the winter months.
- Cleanup activities concluded January 26, 2025 and will commence in Spring 2025, as conditions allow.
